Capabilities Statement

MT & Associates (MT&A) | Sign Language Interpreting Practice is a proud military spouse owned company. Not a traditional interpreter referral service, we believe everyone has an equal right to quality communication. In partnership with the Deaf and Hearing communities, we promote respect and independence to enhance relationships. We do this through dependable and reliable interpreting services, education and training, and advocacy; all provided with a personal touch. We not only meet ADA requirements for equal access to communication, but utilize a unique approach to fully integrate Deaf into their community.
